

Anesthesiology (Physician)

Delineation of Privileges

Applicant Information

Full Name:

Date of Birth:

Home Address:

Life Number (if available):

Please check the box beside each clinical privilege being requested. Applicants are required to produce information deemed necessary by the center in order to properly evaluate current competence, current clinical activity, and other privileging requirements.

Adult Anesthesiology (18 years or older)

Qualifications

Education & Training:	Successful completion of an Accreditation Council for Graduate Medical Education (ACGME)- or American Osteopathic Association (AOA)-accredited residency in anesthesiology; OR An equivalent as set forth in the Medical Staff Bylaws.		
Certification:	Current certification or board eligible with achievement of certification within 5 years of completing formal training in Anesthesiology by the American Board of Anesthesiology or the American Osteopathic Board of Anesthesiology; OR An equivalent as set forth in the Medical Staff Bylaws. AND Current certification in Advanced Cardiovascular Life Support (ACLS) by the American Heart Association; AND/OR Current certification in Perioperative Resuscitation and Life Support (PerLS) by the American Society of Anesthesiology. Maintenance of Certification is required unless a provider is legacy (grandfathered) as set forth in the Medical Staff Bylaws.		
New Privilege:	Demonstrated current competence with evidence of at least 50 anesthesia encounters within the past 12 months that are reflective of the scope of privileges requested; OR Successful completion of an ACGME- or AOA-accredited residency, or fellowship training, within the past 12 months.		
Renewal of Privilege:	Demonstrated current competence with evidence of at least 150 anesthesia encounters within the past 36 months that are reflective of the scope of privileges requested.		
Privilege	Newly Requested	Currently Held	Granted / Renewed
Preoperative evaluation including medical history, physical examination, risk assessment and perioperative planning.			
Administration of monitored anesthesia care, general, neuraxial and regional anesthesia. This includes techniques utilizing intravenous medications, volatile agents, spinal, epidural and peripheral nerve blocks, alone, or in combination.			
Supervise Certified Registered Nurse Anesthetists (CRNAs)			
Monitoring and maintenance of acceptable physiologic parameters during the perioperative period including optimization of neurologic, cardiac, respiratory, hematologic and renal function.			
Performance of invasive monitoring techniques including arterial, central venous access procedures.			
Use of ultrasound and echocardiography including point-of-care ultrasound as clinically indicated including their use for performance of regional anesthesia, assessment of cardiac and respiratory status, and abdominal examination.			

Pediatric Anesthesiology (2 months to 17 years)

Qualifications

Education & Training:	Successful completion of an Accreditation Council for Graduate Medical Education (ACGME)- or American Osteopathic Association (AOA)-accredited residency in anesthesiology; AND Successful completion of an ACGME- or AOA-accredited fellowship in pediatric anesthesiology; OR An equivalent as set forth in the Medical Staff Bylaws.		
Certification:	Current certification or board eligible with achievement of certification within 5 years of completing formal training in Anesthesiology by the American Board of Anesthesiology or the American Osteopathic Board of Anesthesiology; AND Current certification or board eligible with achievement of certification within 5 years of completing formal training in Pediatric Anesthesiology by the American Board of Anesthesiology or the American Osteopathic Board of Anesthesiology; OR An equivalent as set forth in the Medical Staff Bylaws. AND Current certification in Pediatric Advanced Life Support (PALS) by The American Heart Association; AND Current certification in Advanced Cardiovascular Life Support (ACLS) by the American Heart Association; AND/OR Current certification in Perioperative Resuscitation and Life Support (PerLS) by the American Society of Anesthesiology. Maintenance of Certification is required unless a provider is legacy (grandfathered) as set forth in the Medical Staff Bylaws.		
New Privilege:	Demonstrated current competence with evidence of at least 50 pediatric anesthesia encounters within the past 12 months that are reflective of the scope of privileges requested; OR Successful completion of fellowship training in pediatric anesthesiology within the past 12 months.		
Renewal of Privilege:	Demonstrated current competence with evidence of at least 150 pediatric anesthesia encounters within the past 36 months that are reflective of the scope of privileges requested.		
Privilege	Newly Requested	Currently Held	Granted / Renewed
Preoperative evaluation including medical history, physical examination, risk assessment and perioperative planning.			
Administration of monitored anesthesia care, general, neuraxial and regional anesthesia. This includes techniques utilizing intravenous medications, volatile agents, spinal, epidural and peripheral nerve blocks, alone, or in combination.

Privilege	Newly Requested	Currently Held	Granted / Renewed
Use of ultrasound and echocardiography including point-of-care ultrasound as clinically indicated including their use for performance of regional anesthesia, assessment of cardiac and respiratory status, and abdominal examination.			

Acknowledgment of Practitioner

I have requested only those privileges which by education, training, current experience, and demonstrated performance I am qualified to perform, and for which I wish to exercise at this center. I further understand that:

- A. Privileges requested may differ from those granted and approved;
- B. Completion of this form, at the present time, does not preclude me from requesting additional privileges in the future;
- C. The granting of clinical privileges will be made in conformance with the applicable Medical Staff Bylaws and Policies and Procedures;
- D. Failure to obtain and maintain all threshold criteria set forth above, or non-compliance with the applicable Medical Staff Bylaws or Policies or Procedures, may constitute grounds for non-renewal or restriction/limitation of clinical privileges.

Practitioner's Signature

Medical Director Declaration

The practitioner's request for new, modified, or renewed clinical privileges has been reviewed by the Center's Medical Director or an appropriate member of the Medical Executive Committee and presented to the Governing Board for approval. Privileges that have received a checkmark in the designated column have been granted. Any privileges that were requested but not granted are listed below, along with an explanation for each determination.

Medical Director: Michael A. Gorin, M.D.
