Renewal of Privilege:	Demonstrated current competence with evidence of at least 72 pain medicine procedures within the past 36 months that are reflective of the scope of privileges requested.		
Privilege	Newly Requested	Currently Held	Granted / Renewed
Perform history and physical examinations			
Supervise physician assistants			
Treat adult patients (18 years of age and older)			
Administer local anesthetics			
Cervical medial branch blocks/facet injections			
Thoracic medial branch blocks/facet injections			
C1/2 blocks/joint injects			
Lumbar medial branch blocks/facet injections			
Sacroiliac joint injections			
Radiofrequency ablation (neurotomy) of cervical/thoracic/lumbar medial branches			
Pulsed Radiofrequency ablation of cervical/thoracic/lumbar medial branches			
Cryoablation of nerves			

Privilege	Newly Requested	Currently Held	Granted / Renewed
Trigeminal nerve blocks			
Branches of trigeminal nerve blocks			
Peripheral nerve blocks			
Trigger point injections			
Cervical epidural steroid injections (including transforaminal and interlaminar approaches)			
Thoracic epidural steroid injections (including transforaminal and interlaminar approaches)			
Lumbar epidural steroid injections (including transforaminal and interlaminar approaches)			
Caudal epidural steroid injections			
Sphenopalatine ganglion block			
Stellate ganglion block			
Pulsed radiofrequency ablation/treatment of nerves and ganglia (SPG, stellate, trigeminal, DRG)			
Lumbar sympathetic blocks			
Hypogastric plexus block			
Celiac plexus block			
Splanchnic nerve block			
Joint injections - small, intermediate and large joints			
PRP injections			
Stem cell injections			
Ganglion impar blocks			
DRG stimulator placement			
Dorsal column stimulator placement			
Kyphoplasty/vertebroplasty			
Botulinum toxin injections			

Privilege	Newly Requested	Currently Held	Granted / Renewed
Peripheral stimulator placement			
Implantable vagus nerve stimulation (VNS)			
Discograms			
Epidurography			
Percutaneous lumbar decompression including laminectomy, partial removal of the ligamentum flavum			
Thermal destruction of intraosseous basivertebral nerve(s)			

Fluoroscopy

New Privilege:	Completion of the Radiation Safety in Fluoroscopy for Operators course through PEAK on the Mount Sinai intranet within 12 months of initial credentialing; OR Completion of an equivalent course approved by the Medical Executive Committee within 12 months of initial credentialing.			
Renewal of Privilege:	Course completion within 12 months of recredentialing.			
Privilege	Newly Requested	Currently Held	Granted / Renewed	
Fluoroscopy				

Acknowledgment of Practitioner	
I have requested only those privileges which by education, training, current experience, and demonstrated performance I am qualified to perform, and for which I wish to exercise at this center. I further understand that: A. Privileges requested may differ from those granted and approved; B. Completion of this form, at the present time, does not preclude me from requesting additional privileges in the future; C. The granting of clinical privileges will be made in conformance with the applicable Medical Staff Bylaws and Policies and Procedures; D. Failure to obtain and maintain all threshold criteria set forth above, or non-compliance with the applicable Medical Staff Bylaws or Policies or Procedures, may constitute grounds for non-renewal or restriction/limitation of clinical privileges.	
_____ Practitioner's Signature	_____ Date

Medical Director Declaration

The practitioner's request for new, modified, or renewed clinical privileges has been reviewed by the Center's Medical Director or an appropriate member of the Medical Executive Committee and presented to the Governing Board for approval. Privileges that have received a checkmark in the designated column have been granted. Any privileges that were requested but not granted are listed below, along with an explanation for each determination.

Medical Director: Michael A. Gorin, M.D.
